DETAILED ACTION

Applicants' response, which included amendment to claims 1, 3 and 4, filed on 1/8/2008, is made of record. Claims 1-4 and 9-11 are pending.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-4 and 9-11 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

1. Recitation of a proviso to exclude generically certain compounds and then reciting the a genus in B choice in claim 1 renders claim 1 and its dependent claims 2-4 and 9-11 indefinite as it is not clear what to include or exclude from the compound of formula I. Note for example, the proviso excludes R¹ as alkyl-piperazine with Het1 is formula (6) and Het2 is pyridyl. But choice B includes N-methyl piperazinyl as R¹ choice and with Het1 is formula (6) and Het2 is pyridyl. The same is true for various species embraced in claim 3.

This rejection is same as made in the previous office action. Applicants' traversal is not persuasive. First of all, the proviso at the end of choice A excludes compounds which appear to be genus while a subgenus of within the said genus of A is claimed in B choice. Thus, it is not clear how one exclude a genus and then claim a subgenus. Secondly, the species claimed in the claim 3 appears to include excluded compounds of genus of A choice. An appropriate correction or clarification is needed.

Allowable Subject Matter

Claims 1-4 and 9-11 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
